Muhammad Hamza

SOFTWARE ENGINEER | FULL-STACK DEVELOPER

Peshawar, Pakistan | +92 310 9950325
contact@hamzax.me | hamzax.me
linkedin.com/in/muhammad-hamza-deve
github.com/muhammad-hamzadev

Software engineering student and full-stack developer who builds practical web products for education, government, and business teams. Recently delivered a QAC-based college ranking system for the Higher Education Department, Government of Khyber Pakhtunkhwa, and an AI-assisted platform for an IELTS academy. Comfortable working across frontend, backend, databases, testing, and deployment.

EXPERIENCE

Full-Stack Development Intern | DevSpire Solutions

Nov 2025 - Jan 2026

- Developed a full-stack quiz platform with connected frontend, backend, and database workflows.
- Built secure quiz flows and AI-assisted evaluation for subjective answers.
- Created responsive interfaces, quiz management modules, and organization branding controls.

SELECTED PROJECTS

HED College Ranking System

Latest

- Built a QAC-based ranking platform for the Higher Education Department, Government of Khyber Pakhtunkhwa.
- Digitized the evaluation and ranking workflow for public-sector colleges across the province.

ranking.qac.hed.gkp.pk

AiVerse | IELTS Academy Platform

- Developed a web platform for an IELTS academy and integrated AI-assisted tools into the learning workflow.

aiverse.ehubinstitute.com

Quizior | AI-Powered Quiz Platform

- Built live quizzes, real-time leaderboards, bulk question import, and AI-assisted evaluation for teachers and institutions.
- Implemented multi-tenant workflows and practical controls for running and reviewing assessments.

quizior.live

AI UI/UX Feedback System

- Created a Flask and MySQL design review platform with six specialized AI agents powered by Gemini.
